PROFESSIONAL SUMMARY

I am a compassionate Registered Nurse with more than 10 years of international clinical experience across India and the United Kingdom (1 Year and 3 months) in medical, surgical, gastroenterology, pulmonary ICU, emergency, and acute care nursing environments. Demonstrated expertise in delivering evidence-based, patient-centred care aligned with Australian healthcare standards and best clinical practices.

I am Experienced in patient assessment, medication administration, IV therapy, wound care, infection prevention and control, emergency response, and multidisciplinary collaboration. My recent experience in tertiary hospital helped in attaining Skills in managing critically ill patients, maintaining accurate clinical documentation, and supporting positive patient outcomes within fast-paced healthcare environments.

I possess strong understanding of cultural safety, professional accountability, patient advocacy, and quality improvement initiatives. I am committed to providing safe, compassionate, and holistic nursing care under Queensland health while maintaining the highest standards of professionalism, communication, and ethical nursing practice.
